

MSA Schedules 2007 Investors' Day Webcast

Oct 19,2007

PITTSBURGH, Oct. 19 /PRNewswire-FirstCall/ -- MSA (NYSE: MSA), the global leader in the development, manufacture and supply of sophisticated products that protect people's health and safety, announced today that it will broadcast their 2007 Investors' Day live via the Internet on Friday, October 26, 2007 beginning at 8:00 a.m. EDT. The event will run until approximately 1:30 p.m. EDT.

Investors and interested parties will have the opportunity to listen to the conference live at <http://www.msanet.com>. Please log onto MSA's Web site 15 minutes prior to the start of the conference to register. It may be necessary to download audio software to hear the presentation. To do so, investors should click on the 2007 Investors' Day link on MSA's Web site and follow directions from there. A replay of the conference will be available on MSA's Web site for 30 days.

Established in 1914, MSA is a global leader in the development, manufacture and supply of sophisticated safety products that protect people's health and safety. Sophisticated safety products typically integrate any combination of electronics, mechanical systems and advanced materials to protect users against hazardous or life-threatening situations. The company's comprehensive line of products is used by workers around the world in the fire service, homeland security, construction and other industries, as well as the military. Principal products include self-contained breathing apparatus, gas masks, gas detection instruments, head protection, respirators and thermal imaging cameras. The company also provides a broad range of consumer and contractor safety products through retail channels. These products are marketed and sold under the MSA Safety Works brand. MSA has annual sales of approximately \$914 million, manufacturing operations throughout the United States and Europe, and more than 40 international locations. Additional information is available on the company's Web site at www.msanet.com.
